REQUIRED**

Part I – Permit Information:

Well Owner Name: _____

Address: _____

Contact # _____ Email: _____

Operating Permit Number: _____ Registration Number: _____ WID Number: _____

Personal Well Id: _____

Part II – Conjunctive Use: *Was there any surface water (ex. LCRA) used on any of the fields irrigated by this well?*

Yes No

Part III – Measurement Method: *Please mark your method of measuring of your groundwater usage*

Meter Other (if granted a waiver of meter requirement)

2023 Start Meter Reading _____ 2023 End Meter Reading _____

Part IV – Conveyance Method: *For Agricultural Users, please mark your methods of conveying groundwater to your end use*

Underground Pipe Open Canal

Part V – Application Method: *For Agricultural Users, please mark your methods of application of groundwater to your end use*

Gravity Flow Drip Irrigation Sprinkler System Polypipe

Part VI – Water Use Information:

DIRECTIONS FOR COMPLETING WATER USE REPORT ON BACK OF FORM.

- **Monthly Water Use:** List the type of use (commercial, cotton, rice, etc.) and the amount of groundwater used each month. If this well was used for different types of uses, list each use and water use **separately**.

- **Note for Agricultural Users:** Below the monthly use table, please list each crop irrigated with this well (or aggregation of wells as noted below), the FSA farm number associated with the crop, the TOTAL number of irrigated acres for each crop and the TOTAL amount of groundwater & surface water used to irrigate each crop for the year.

- **Note for Rice Irrigators:** Please list second crop rice acres separately from first crop rice acres.

- **Note For Aggregated Permits:** If this well is used in an aggregate system for agricultural use, please use the “Agricultural Users” section below the monthly table to report totals for the aggregate system **TOTAL AMOUNT OF GROUNDWATER AND SURFACE WATER USED AND ACREAGE IRRIGATED WITH THE AGGREGATE SYSTEM RATHER THAN FOR JUST FOR THIS WELL**. Though a separate Water Use Report must be completed for each well in an aggregate system, the user need **only fill out the “Agricultural Users” section on one of the Water Use Reports for each set of aggregated permits held**. List the well registration # that has the aggregate information.

Please convert all gallons into acre-feet according to the following formula: **1 acre foot = 325,851 gallons**

IF YOU HAVE ANY QUESTIONS, PLEASE CALL 979-531-1412 OR EMAIL thedistrict@cbgcd.com
