

WATER USE REPORT – 2019

Coastal Bend Groundwater Conservation District

109 East Milam Rd

PO Box 341, Wharton, TX 77488

(979) 531-1412 Fax: (979) 531-1002 thedistrict@cbgcd.com

-This form may be faxed, mailed, or emailed-

recvd. _____

Part I – Permit Information:

Well Owner Name: _____

Address: _____ Contact # _____ Email: _____

Operating Permit Number: _____ Registration Number: _____ WID Number: _____

Personal Well Id: _____

Part II – Conjunctive Use: *Was there any surface water used on any of the fields irrigated by this well?*

Yes No

Part III – Measurement Method: *Please mark your method of measuring of your groundwater usage*

Meter Other (if granted a waiver of meter requirement)

Start Meter Reading _____ End Meter Reading _____

Part IV – Conveyance Method: *For Agricultural Users, please mark your methods of conveying groundwater to your end use*

Underground Pipe Open Canal

Part V – Application Method: *For Agricultural Users, please mark your methods of application of groundwater to your end use*

Gravity Flow Drip Irrigation Sprinkler System Polypipe

Part VI – Water Use Information:

DIRECTIONS FOR COMPLETING WATER USE REPORT ON BACK OF FORM.

List the type of use in the “**Type of Use**” column. List the amount of groundwater used, by month, for each type of use in the “**Amount of Groundwater**” column. If this well was used for different types of uses, list each use and the amount of water for each use separately.

- **Note for Agricultural Users:** Below the table please list each crop irrigated with this well (or aggregation of wells as noted below), the FSA farm number associated with the crop, the TOTAL number of irrigated acres for each crop and the TOTAL amount of groundwater & surface water used to irrigate each crop for the year.

- **Note for Rice Irrigators:** Please list second crop rice acres separately from first crop rice acres.

- Note for Holders of Aggregated Permits:

If this well is used in an aggregate system for agricultural use, please use the “Agricultural Users” section below the monthly table to report totals for the TOTAL AMOUNT OF GROUNDWATER AND SURFACE WATER USED IN ACRE-FEET AND ACREAGE FARMED with the aggregate system rather than for just one well in the system. Though a separate Water Use Report must be completed for each well in an aggregate system, the user need only fill out the “Agricultural Users” section on one of the Water Use Reports for each set of aggregated permits held.

Please convert all gallons into acre-feet according to the following formula:

1 acre foot = 325,851 gallons

IF YOU HAVE ANY QUESTIONS, PLEASE CALL 979-531-1412.

<u>Month</u>	<u>Type of Use</u> (i.e. type of crop/public supply/industrial)	<u>Amount of Groundwater</u> (ac.-ft.)	<u>Month</u>	<u>Type of Use</u> (i.e. type of crop/public supply/industrial)	<u>Amount of Groundwater</u> (ac.-ft.)
Jan.	_____	_____	July	_____	_____
Feb.	_____	_____	Aug.	_____	_____
Mar.	_____	_____	Sept.	_____	_____
Apr.	_____	_____	Oct.	_____	_____
May	_____	_____	Nov.	_____	_____
June	_____	_____	Dec.	_____	_____

Total Annual Volume (sum of all monthly volumes) = _____

Agricultural Users: Please also provide the following for each crop irrigated under this permit for 2019

(Aggregate permit holders & Rice Producers see note on page 1.)

<u>Crop</u>	<u>FSA Farm #</u>	<u>Acres Irrigated</u>	<u>Groundwater Used</u>	<u>Surface Water Used</u>
_____	_____	_____ acres	_____ ac-ft	_____ ac-ft
_____	_____	_____ acres	_____ ac-ft	_____ ac-ft
_____	_____	_____ acres	_____ ac-ft	_____ ac-ft
_____	_____	_____ acres	_____ ac-ft	_____ ac-ft

Part VII – Certification:

Applicant agrees that water produced/withdrawn from the proposed well was put to beneficial use at all times. Yes No
I, well owner/well operator, hereby certify that the information given herewith is true and accurate to the best of my knowledge and belief.

 Well Owner/Well Operator – Please Print Name
